The Annual Conference Committee is now accepting submissions for presentations for this year's event to be held at Arrowhead Stadium on October 6.

The theme of this year's event is - ***What's Next? Looking Forward to the Future of Healthcare.***

Presentations should illustrate a best practice, new technology, or strategy in design and construction. The presentation could also illustrate an industry trend that affects how hospitals do business in support of the conference theme.

Presentation teams should be 2-5 people. Visuals are a plus. If the presentation focuses on a completed construction project, suggested presenters include the architect, contractor, engineer, and facility owner. You may submit multiple presentation proposals. Sessions will run approximately 45 minutes. There will be one or two presentations selected.

Complete guidelines and directions for submission can be found on the [KCAHE web site](#).
