Annual Conference 2022 Keynote Speakers

John C. Barto – Healthcare Evangelist – Microsoft

John is an storyteller with a rich history of applying technology to improve health and healthcare in the United States and globally. Weaving technology together with industry changing influences such as consumerization, payment reform and regulation, John advises Microsoft's clients to help them change their culture so they can thrive in the new landscape.

Douglas S. Erickson – CEO – Facility Guidelines Institute

Doug has expertise in healthcare facilities planning, design, and construction with more than 46 years of industry experience, including experience as a healthcare facility manager, consultant, an authority having jurisdiction, and the principal advocate representing the American Hospital Association (AHA)/American Society for Healthcare Engineering (ASHE) membership on national codes, standards, and built environment committees.

Brian Weldy – VP of Engineering – HCA Healthcare

Brian is responsible for HCA's facility engineering management program, which provides support for over 90 million square feet of the company's physical plan assets. Weldy also oversees the company's new existing building commissioning, MEP design guidelines, energy management program, building regulatory compliance, and disaster planning and response.

KCAHE Education Sessions Johnson County Community College

KCAHE will offer the following educational sessions **FREE** of charge for current KCAHE members. Registration is limited so make sure to register early.

Executing Strategy on the Front Line - session will be led by Loretta Summers on September 28 from 1pm - 5pm (virtual). Attendees will earn .4 CEU.

This course will help leaders to:

- Maintain focus on important work in the midst of daily pressure of business
- Explain the importance of critical work to the team and others.
- Track progress and outcomes against relevant measures to ensure successful execution.
- Communicate accountabilities so that team members understand the importance, impact, and expectations regarding priority work.

Engaging and Retaining Talent - session will be led by Loretta Summers on November 3 from 1pm - 5pm (virtual). Attendees will earn .4 CEU.

Course objectives for this session will be:

- Engage individuals on a daily basis.
- Uncover and address what individuals need to be more satisfied and engaged at work.
- Inspire higher levels of engagement by acknowledging the value people bring to the organization and showing them that they matter.
- Increase the quality of conversation with people about their engagement and intent to stay.

Registration information can be found [here](#).
