

School of Computing and Engineering
Office of the Dean

June 1, 2011

Ms. Lynn DePlacito
Kansas City Area Healthcare Engineers
9229 Ward Parkway, Ste. 210
Kansas City, MO 64114-3311

Dear Lynn and the entire KCAHE Board,

Thank you for the recent contribution of \$2,500 to fund a scholarship at the School of Computing & Engineering. This scholarship fund is an excellent incentive for us to offer students and will also help to promote the field of healthcare engineering.

The School of Computing and Engineering is proud to be offering undergraduate as well as graduate degree programs which prepare students for today's competitive job market. Our curriculum includes the latest technology, theory, business trends, and fundamental practices.

The SCE vision is to have a student centric school that provides students with exceptional educational, research, and extracurricular experiences within computing and engineering. Your contribution is making our vision possible while providing the engineering industry with highly qualified candidates for hire. We hope that you will continue to stay in touch with us. For more news, I encourage you to visit our website at <http://www.sce.umkc.edu/>.

SCE and I thank you again for your gift.

Sincerely,

Kevin Z. Truman, Ph.D.
Dean of School of Computing and Engineering
And Professor of Civil Engineering

*Lynn,
Thanks so much for
your continued support!
You & KCAHE ARE
making a difference in the
lives of our students!
Kevin*
